recommend a Paradise Experience

At Paradise KohYao we offer our guests more than just a room, we provide authentic experiences for guests. We have collated our most popular excursions, activities, spa treatment and dining experiences into our five Paradise Experiences. Guests have the option to pre-book these experiences prior to their stay at the resort at a discounted price. We offer our partners the option to sell these experiences (at net price + your mark-up) alongside our contracted room rates.

These packages are available to present to your guests for a more complete resort experience. We recommend these packages for guests staying a minimum of two nights.

We recommend our partners to mark up the net to hotel rate by 15%.
